

Iron Ore Price Risk Management

THE STEEL INDEX

20 October 09
Shanghai, China

Interactive opportunity to **understand, learn, & network**

Seminar Programme

08:30 - 09:00 Registration & Coffee

Collect your name badge, meet The Steel Index team, enjoy a coffee, and get a good seat

09:00 - 10:30 Presentations - Session 1

Hear an overview of the current market situation, index pricing and SGX's swap contract.

10:30 - 11:00 Coffee Break

A great chance to meet fellow participants as well as ask the speakers any additional questions you may have.

11:00 - 12:30 Presentations - Session 2

Find out from industry players how to use these new tools in this volatile marketplace to manage your risk.

12:30 - 13:30 Buffet Luncheon

An extended opportunity to network with fellow speakers and participants while having lunch.

Seminar Programme

Following on from the successful completion of TSI's Iron Ore Price Risk Management Seminars in Beijing and Hong Kong this summer, we are responding to industry demand and launching a new seminar on 20 October, in Shanghai.

Both our summer seminars sold out, so to guarantee your place at this event, register in advance.

This is even an excellent opportunity to hear the latest news and learn the implications for the future in the iron ore and financial communities.

20 October 2009
08:30-13:30

Crowne Plaza
400 Panyu Road
200052, Shanghai
